IFMA FOUNDATION

INTERNATIONAL FACILITY MANAGEMENT ASSOCIATION FOUNDATION

IFMA FOUNDATION THANKS ITS BENEFACTORS FOR 2006!

Thanks to the support of its 2006 benefactors, the IFMA Foundation was able to provide more than \$65,000 in scholarships, grants and subsidies as well as develop several new research reports covering current topics in facility management.

The Foundation published a LEED-EB report, which can be downloaded from the Foundation Web site at no charge. The Foundation's next publication will cover pandemic flu and how it could impact facility management. Look for that study in January. Additionally, work has begun on a report to help facility managers prepare and respond to the exponential rise in oil and energy prices forecasted to occur in late 2007 and early 2008.

You can also look forward to reviewing the Foundation's new strategic plan and balanced score card in the first quarter of 2007, which will set the stage for a fast-paced new year!

The IFMA Foundation appreciates your support as it strives to provide value and substance to the facility management community. Thank you for your generous donations!

Patrick McKown received the Jim Hickey Memorial Scholarship, sponsored by the West Michigan Chapter of IFMA.
