BUILDING THE FUTURE FM

Facility Management is a profession that encompasses multiple disciplines to ensure functionality of the Built Environment through integrating People, Place, Process and technology.

FM is a critical practice affecting all people, organisations and communities.

Improving the design, delivery and management of facilities, impact the Quality of Life where we live, work and play.

BUILDING THE FUTURE FM

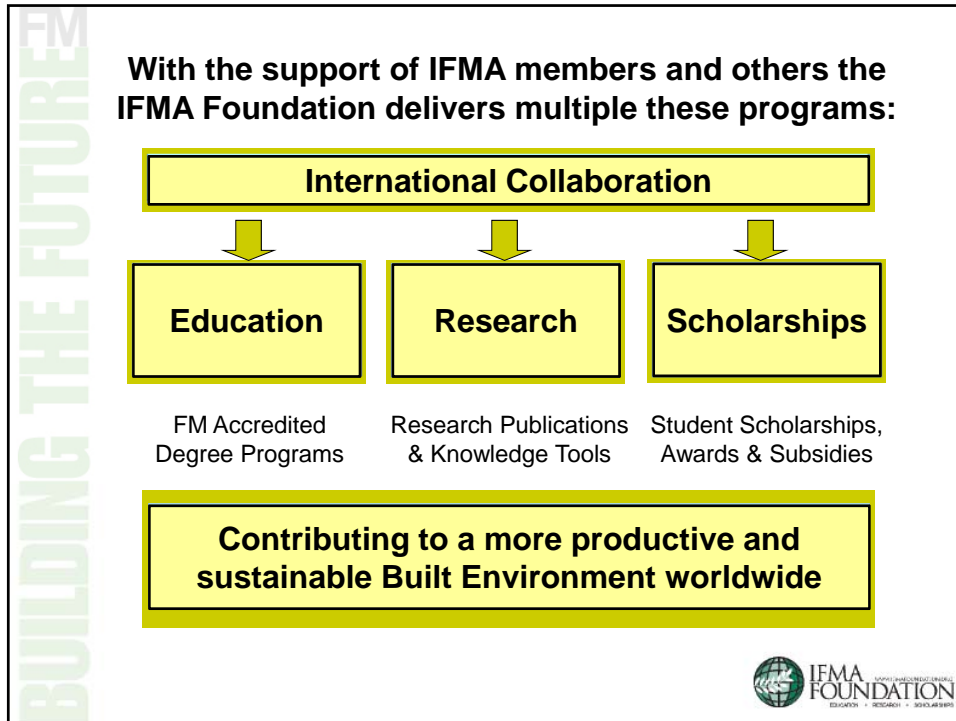

visivisi

The IFMA Foundation is an international non-profit* entity dedicated to expanding our knowledge of the Built Environment in a changing world through scholarships, education and research.

Since its inception, the IFMA Foundation has raised over US\$3.5 million for the cause.

*** a 501(c)(3) corporation registered in Texas, USA**

Education
Accredited Degree Programs

“ The IFMA Foundation provides credibility and motivates students to enter the FM profession through accreditation, scholarship opportunities and recognition of FM as an exciting career”

John Sampson, CFM
